

HMN MEMBERSHIP BY THE NUMBERS

The Holistic Moms Network is a grassroots, community-building organization.

Our purpose is to connect parents, create supportive communities, and to help parents and others to learn about holistic health and green living.

Our National organization serves as an umbrella for our Chapters, with our focus on building and sustaining successful communities across the United States. More than 83% of our current expenses are directly related to community building and support. Each individual or family membership in our organization supports our communities and the work involved in managing our groups.

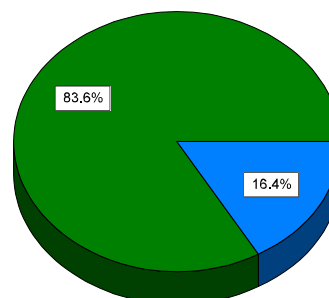

How is your membership spent? For an individual annual membership of just \$45.00, approximately \$37.60 goes directly into Chapter support, approximately \$9.00 to Chapter administration, mentoring, and support; \$10.00 to outreach to new and prospective members, publications, and event participation; \$8.00 to professional fees including website and online operations and management, insurance coverage for Chapter meeting spaces and events, and professional services such as accounting and legal assistance; and \$10.60 to direct Chapter supplies, postage, and meeting space rental for your local community. The remaining \$7.40 per membership helps to support our National organization with \$2.60 on organization administration; \$2.36 for National outreach and publications; and \$2.45 for professional fees and services.

Your membership helps us build connections and to empower parents across the country so that they can make informed choices about their health and well-being and about the future of our planet. By joining our voices together under the HMN National organization, we can unite our passions and become a powerful advocate for information, education, change, and support!

Help us make a difference!
